Report of Principal and School Improvement Council

At Anderson Mill Elementary we are continuing in the tradition of excellence as we embrace our challenges and celebrate our success. We are committed to our mission of developing competent and confident learners by creating a safe, positive, innovative environment where the staff, parents, and community work together to provide a curriculum that recognizes individual differences. It is the intent of the faculty and staff to lead students toward becoming disciplined, productive, informed, and fulfilled individuals who are prepared to meet the challenges that equip them for college or career readiness.

During the 2012-2013 school year, our faculty embraced the new Common Core State Standards and worked diligently to design lessons and curriculum that would provide innovative experiences for our students. Our teachers attended year long professional development sessions both at the district and school level to increase their knowledge of the Common Core State Standards and enhance their instructional strategies in the classroom. These strategies have helped our teachers increase the rigor in the classrooms and provide more meaningful learning experiences for the children. In addition, we were able to continue with a variety of intervention programs for both reading and math to assist our struggling learners. Research-based direct instruction programs were utilized in grades K-5 to provide RTI (Response to Intervention) classes for students who were performing below grade level in either ELA or math. The implementation of these programs, in conjunction with a rigorous curriculum and an individualized approach to instruction, helped our students see tremendous gains in MAP (Measures of Academic Progress) scores, PASS (Palmetto Assessment of State Standards) scores and overall academic performance in the classroom. Because of these accomplishments, we received the SC Department of Education Palmetto Gold & Silver Awards for academic performance in math and language arts. We also received an "A" under the new state guidelines for academic improvement.

Our children also had the opportunity to experience personal gratification as we embraced several community outreach projects. Our school collected over \$1400 for Mobile Meals, ranking us first place in our district for the second consecutive year! Our students, faculty, and staff also collected over \$18,500 for Relay for Life, ranking us the top elementary school in South Carolina. What an amazing accomplishment!

We appreciate the support of our families, business partners, PTO, and School Improvement Council as we continue our tradition of excellence at Anderson Mill Elementary. We look forward to the opportunity to maintain our partnership as we strive toward continuous improvement in our service to children.

Sincerely,  
Elizabeth Haun, Principal  
Stephen Timmons, School Improvement Chairman

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
